You may also receive an additional privacy notice in connection with your use of a particular product or relationship with a specific business. For example, Trust or fiduciary accounts for which EVB is the trustee or service provider, including employer-sponsored retirement accounts, are protected under special rules of confidentiality. Please note that where we have another type of presence on a site owned by a third party, such as a page or handle on a social media site, that third party’s privacy policy and terms of use, rather than this Policy, will govern, unless specifically stated otherwise.

About “cookies” and advertising on third party sites

Cookies are pieces of data stored on your device. Browser cookies are assigned by a web server to the browser on your device. When you return to a site you have visited before, your browser gives this data back to the server. Mobile applications may also use cookies.

We use cookies and information gathered through their use to make your experience with EVB and certain other sites richer and more personalized based on the products, services, or other interaction you have with

us and other sites. We also use cookies, sometimes in conjunction with service providers, in online advertising either on our own Site or on third party sites to help determine which of our advertisements are most likely to appeal to you. The techniques our partners employ do not collect personal information such as your name, email address, postal address, or telephone number. You can visit [this page](#) to opt out of our targeted advertising. This opt-out works via cookies, so if you delete cookies, use a different device, or change web browsers, you will need to opt out again.

Other parties that may collect information about your web browsing behavior when you use our Site are generally limited to service providers who may only use any information collected to provide services and marketing for us and not to provide services or advertising for any other party. Note, however, that we also provide certain widgets or tools on our sites, such as tools that allow web surfers to easily share information on another platform, such as a social media platform. At other times, information from a third party may be embedded on our site, such as a map or information streaming from another site, including communications streaming from a third party social media platform. These widgets, tools, and informational items often function through the use of third party cookies utilized by the third party site, such as the social media platform. As a result, these third parties may have access to information about your web browsing on the pages of our Site where these widgets, tools, or information are placed. You may wish to review information at third party sites, such as social media platforms where you have an account, to determine how these third parties treat data that they obtain through the use of cookies.

We also use cookies for purposes such as maintaining continuity during an online session; gathering data about the use of our site; monitoring online promotions; and anti-fraud and information security purposes.

Do you have to accept cookies?

You may be able to set your browser to reject browser cookies. However, if you choose to reject cookies, you may experience issues with accessing your accounts online with EVB. Security

EVB recommends that you protect your valuable financial information by using the most secure encryption possible. In an effort to provide the highest degree of confidentiality and security, EVB recommends the use of browsers that provide encryption of 256-bit encryption. Current versions of commercial off-the-shelf browsers support 256-bit encryption and are available for download from their respective websites. If you do not wish to upgrade, you may continue to use a browser with lesser encryption. However, some older browsers may not be 128-bit encryption versions. Updates are available for download from their respective websites. EVB recommends that you protect your valuable financial information by using the most secure encryption possible. However, EVB is not liable for losses resulting from the use of 40-bit encryption. If you elect to use the 40-bit browser, this implies your acceptance of this risk.

Any updates to the Policy become effective when we post the updates on the Site. Your use of the Site following the update to the Policy means that you accept the updated Policy.
